3 Field Foreman– Marchouch station

Reports to: Senior Scientist – Durum Wheat Breeder, to Lentil Breeder and to Barley Breeder – High input environments

Location: Marchouch, Rabat, Morocco

Advertisement date: 09 August 2018

Closing date: 31 August 2018 or until the position is filled

Main purpose of position

ICARDA has received funds to conduct variety research in Morocco for durum wheat, barley, and lentil. The successful 3 candidates shall follow the instruction of senior technicians to prepare breeding trials in Marchouch station, interact with farmers, and coordinate activities at various experimental farms in Morocco.

About ICARDA

The International Center for Agricultural Research in the Dry Areas (ICARDA) is an international autonomous, non-profit, research organization supported by CGIAR, a global research partnership for a food-secure future.

ICARDA's mission is to reduce poverty, enhance food, water and nutritional security, as well as environmental health in the face of global challenges including climate change. We do this through innovative science, strategic partnerships, linking research to development and capacity development that take into account gender equality and the role of youth in transforming the dry areas. ICARDA works in partnership with governments, universities, civil society, national agricultural research organization, other CGIAR research Centers, and the private sector. With its temporary Headquarters in Beirut, Lebanon, ICARDA operates in regional and country offices across Africa, Asia and the Middle East. For more information: www.icarda.org

Main responsibilities

- Support field labors to achieve proper implementation of research activities
- Recording data on various aspects of crop improvement
- Preparing seed materials for planting at research stations and on farmers' fields
- Perform any other duty as required by durum wheat scientists

Education, qualifications and experience

- At least 2 years of experience in field research
- Demonstrated ability to work effectively in a team
- Ability to read, write, and count in Arabic
